

Future Ideas

The most recent BridgeBuilderAwards Event took place on Saturday April 9, 2016.

At that event the BridgeBuilder Award was presented to twelve high school students from diverse schools in Chicago's northern suburbs.

At the Awards luncheon on April 9th parents, teachers and students were invited to share their ideas for the future development of the BridgeBuilderAwards concept via this site.

The question : How can we create nonsectarian projects that reach across walls and boundaries to build bridges and engender cooperation ? How can we build further on the BridgeBuilder Awards model ?

We seek to develop a conversation on this site that will enable us to partner and surface fresh creative ideas. We seek your interest.

We ask you to send your comments and ideas in the email form below. Thank you !
